

**HERSHEY
PUBLIC LIBRARY**

To our Library Community:

March 10, 2021

As much as we'd like to think that winter is over, we know how March can rear its head and blast you with a snowstorm just as the forsythia begins to bloom. Here at the library, we have moved on to thinking about summer with all the uncertainty of the COVID19 era. We hope that by summer, the COVID19 vaccines will be widely available, and we'll begin to return to more in-person programming. For this summer we do believe that in-person programs will be held outside, with a significant portion of activities remaining on Zoom. We've been delighted by how strong our attendance numbers have been while conducting virtual programs and anticipate that there will be some virtual programs offered by libraries well into the future.

It seems that there really may be light at the end of the tunnel of this tragic year, and we're excited to help shape what the future of library services will be. We're happy to have you along for the ride.

Kindly,

A handwritten signature in cursive script that reads "Laura O'Grady".
